

Translating the complex language used by doctors to describe the anatomy and physiology of the lower urinary tract to patients contemplating therapy can be problematic. This concise text aims to overcome the difficulties by acting as a communication tool to enhance the interaction between the two, providing pictures and simple text that will help healthcare professionals talk through the issues in a way that patients can easily understand. Emphasis rests on clarity and simplicity, and so by its nature, many of the intricate details will be glossed over.

The Water Supply of Towns and the Construction of Waterworks: A Practical Treatise for the use of Engineers and Students of Engineering, Dead Men Dont Leave Tips: Adventures X Africa, Military Reminiscences of the Civil War: November 1863-June 1865..., Fantasy City: Pleasure and Profit in the Postmodern Metropolis (Routledge Research in Cultural and), Animaux Safari (avance): livre de coloriage (French Edition), Getting into Oxford and Cambridge (MPW Guides), Community Ecology, The Reluctant Raiders: The Story of United States Navy Bombing Squadron VB/VPB-109 in World War II (Schiffer Military History),
