People who can afford to consume meat are not of the starving who are forced to eat anything they can get their hands on in order to survive just another day. We are not capable of living solely off of meat alone. We were designed to be able to **SURVIVE** on a lot of things for a **BRIEF TIME**, and yes meat can be one of them. But while our bodies are capable of **SURVIVING** on many things if we absolutely have to, our bodies are designed to **THRIVE** on vegetation of the land. There are so many options for us to choose from when it comes to food. We do not need meat in order to thrive. So people who eat meat are doing so basically out of habit which has been passed down from generation to generation. It is up to you to break that vicious cycle! If you have to wean yourself off of meat then by all means do so. But just take into account that every single time that you cook up a piece of dead rotting flesh, that is another carcass to the pile that you just contributed to adding. Go vegan for the animals, but stay vegan for your health! Enjoy these recipes but most of all help spread the message of stopping animal cruelty. Take a look at some of these delicious vegan recipes.
